

# Day 1

Today was the first day together in Eisenberg. First the other nations got a guided tour through our school, the "Friedrich-Schiller-Gymnasium." This was followed by a short excursion into the history of German sports.

After a short break with lunch in the canteen Angelina, Pascal and Lucie showed the other students the city of Eisenberg. They also visited the castle church in the castle park and met the mayor of Eisenberg.

Afterwards, we met again in the school gym to try out field handball together.
